NIHARIKA DHANDE

LIVE TRAINING PROGRAM

GENERATIVE AI & PYTHON BASICS

No-code GenAI, Python literacy and **resume-ready capstone projects**, for students and working professionals.

Workshop 1 day · 3 hrs	**Winter Course** 10 weeks
3-Month 12 weeks	**6-Month** 24 weeks

WHY THIS PROGRAM

LEARN AI BY BUILDING

Every session is live and hands-on. You leave each class with something you built yourself: a prompt library, a chatbot, an automation, an agent or a working notebook.

2 hrs	1 hr
Concept & live demo	Practical

Every session runs 3 hours, online or offline.

WHO IT IS FOR

- **Engineering students** of any branch
- **College students** getting placement-ready
- **Working professionals** who want to work faster with AI
- Technical and non-technical learners alike. No coding background needed.

WHAT YOU GET

- Live classes with a practical in every session
- A capstone project every month, with a ready resume line
- A project portfolio to show recruiters
- Certificate on completion

WHAT YOU WILL LEARN

CURRICULUM MODULES

GENERATIVE AI — No-code tools

- LLM foundations & prompt engineering
- AI reliability, safety & research with citations
- Knowledge management, RAG & chatbots
- Content creation: images, video & voice
- Workflow automation with n8n & Zapier
- AI agents, tools, memory & MCP
- Vibe coding & deploying AI apps

PYTHON BASICS — Google Colab

- Data types, operators & control statements
- Loops, functions, lists & strings
- Sets, tuples, dictionaries & file handling
- Regex, functional programming & OOP

YOUR TRAINER

NIHARIKA DHANDE

AI Solutions Engineer & Corporate Trainer with 10+ years in software engineering. Builds AI automation and workflow products, and trains teams and institutes in generative AI.

- Hands-on with n8n, Zapier and Workato workflows
- Founder, Prompt at Work
- Trainer for institutes and corporate teams

Colleges & companies: on-campus workshops and group batches available.

PROGRAMS · 1 OF 3

START HERE

WORKSHOP — 1 day · 3 hrs

- **Hour 1** GenAI foundations & safe use
- **Hour 2** Prompt engineering patterns
- **Hour 3** Build a prompt library + chatbot

WINTER CRASH COURSE — 10 weeks

- **Wk 1–3** GenAI, prompting, reliability & research
- **Wk 4–5** Python basics in Colab
- **Wk 6–7** RAG chatbots & AI content creation
- **Wk 8–9** n8n / Zapier automation & AI agents
- **Wk 10** Vibe-coded app & mini project demo day

2–3 sessions a week · Online / Offline · Mini project

PERFECT FOR THE SEMESTER BREAK

About 2.5 months, finished before the next semester

PROGRAMS · 2 OF 3

3-MONTH COURSE

12 weeks · **2–3** sessions a week · **3** capstones · Online / Offline

MONTH 1 — Foundations & Python start

GenAI foundations, prompting, reliability, Python basics

CAPSTONE 1

AI Research & Productivity Assistant

Prompt library + Colab script that writes cited summaries

MONTH 2 — Python, knowledge & content

Loops, functions, files, RAG chatbots, AI content

CAPSTONE 2

Document Q&A Chatbot

Live chatbot that answers from real documents

MONTH 3 — Automation & agents

n8n & Zapier, AI agents, MCP, vibe coding

CAPSTONE 3

AI Agent for a Real Workflow

No-code agent that automates one real task end to end

PROGRAMS · 3 OF 3

6-MONTH COURSE

24 weeks · **2–3** sessions a week · **6** capstones · Online

One theme a month, one resume-ready capstone at the end of every month.

MONTH 1 · FOUNDATIONS & PROMPTING

Personal AI Productivity Kit

Tested prompt library + productivity workflow

MONTH 2 · PYTHON BASICS I

AI Batch Summariser Notebook

Python notebook that batch-processes text with AI

MONTH 3 · PYTHON II & AI RELIABILITY

Smart Document Extractor

Pulls key data from CSV/PDF files and validates it

MONTH 4 · KNOWLEDGE, CHATBOTS & CONTENT

Knowledge Chatbot with Launch Kit

Deployed RAG chatbot with AI-made launch content

MONTH 5 · AUTOMATION & AI AGENTS

Business Automation Agent

AI agent + n8n workflow for a real business task

MONTH 6 · BUILD, DEPLOY & CAPSTONE

Live AI Application

Hosted AI app, presented on demo day

FEES · PER LEARNER

FEE STRUCTURE

WORKSHOP

STUDENTS	₹299
PROFESSIONALS	₹999

Launch offer ₹99

WINTER CRASH COURSE

STUDENTS	₹9,999
PROFESSIONALS	₹14,999

Early bird ₹7,999 · EMI 2 × ₹5,000

3-MONTH COURSE

STUDENTS	₹19,999
PROFESSIONALS	₹29,999

Early bird ₹16,999 · EMI 3 × ₹6,667

6-MONTH COURSE — BEST VALUE

STUDENTS	₹34,999
PROFESSIONALS	₹49,999

Early bird ₹29,999 · EMI 6 × ₹5,833

GST extra as applicable. Student fees need a valid student ID. Early bird and EMI apply to student fees. Workshop fee is adjusted if you join a course.
